

Norway 2027 - Rebuilt 21-Day Itinerary + Costs

Assumed trip dates: Sep 13-Oct 4, 2027. This is a 21-day ground itinerary from arrival in Norway to departure, with the Toronto overnight flight before Day 1. It removes the fjord cruise as a must-do, keeps the scenic Flam Railway, shortens the fjord road loop, and preserves meaningful time in Lofoten for kayaking.

Best fit for your preferences: casual hiking, included hotel breakfasts, snack/picnic lunches, reasonably priced dinners, downtime, fjord views from roads/viewpoints, Lofoten kayaking, and 2-3 aurora chances in Tromso.

Day	Date	Base	Plan	Sleep	Est. CAD for 2
Flight	Sun Sep 12	Toronto	Depart Toronto for Oslo. Overnight flight.	Plane	\$2,400-\$3,300 intl flights total
1	Mon Sep 13	Oslo	Arrive Oslo. Easy harbour walk, early dinner, sleep. Keep this deliberately light to recover from jet lag.	Oslo	\$375-\$500
2	Tue Sep 14	Oslo	Slow Oslo day: Opera House, waterfront, Vigeland Park. Optional Nordmarka only if energy is high - otherwise conserve energy for fjords.	Oslo	\$350-\$500
3	Wed Sep 15	Flam/Aurland	Train Oslo-Myrdal-Flam. Keep this scenic rail day; it adds a different experience than the driving loop. Skip making the fjord cruise a must-do.	Flam/Aurland	\$650-\$850
4	Thu Sep 16	Flam/Aurland	Stegastein viewpoint + easy valley/fjord walks. Low-effort, high-reward scenery. Optional short local boat only if weather is excellent.	Flam/Aurland	\$400-\$550
5	Fri Sep 17	Bergen	Train Flam/Myrdal-Bergen. Use this as a reset day: laundry, groceries, slower pace before the driving section.	Bergen	\$450-\$650
6	Sat Sep 18	Alesund	Fly Bergen-Alesund. Pick up compact SUV/wagon. Short city walk only - avoid heavy driving or late-arrival fatigue.	Alesund	\$650-\$900
7	Sun Sep 19	Geiranger	Drive Alesund-Geiranger with viewpoints. Focus on Eagle Road and Flydalsjuvet. Skip big hikes - this is about scenic stops.	Geiranger	\$475-\$700
8	Mon Sep 20	Olden/Loen	Geiranger morning, then drive to Olden/Loen. Waterfalls and short scenic stops. Transition from iconic fjord scenery to a relaxed base.	Olden/Loen	\$500-\$750
9	Tue Sep 21	Olden/Loen	Briksdal Glacier easy walk OR Loen Skylift + short summit walks. Build in downtime here - this is your recovery anchor in the trip.	Olden/Loen	\$450-\$700
10	Wed Sep 22	Hardangerfjord	Drive Olden/Loen-Hardanger area. Longer scenic day, but manageable. Skipping Lom removes unnecessary detour without losing key scenery.	Hardangerfjord	\$500-\$750
11	Thu Sep 23	Hardangerfjord	Waterfalls day: Voringfossen, Steinsdalsfossen, roadside viewpoints. Very high payoff for low effort.	Hardangerfjord	\$425-\$650
12	Fri Sep 24	Stavanger	Drive/ferry to Stavanger. Drop car if convenient or keep one more day depending on timing. Transition out of the fjord driving section.	Stavanger	\$575-\$850
13	Sat Sep 25	Stavanger	Preikestolen only if weather and energy are good. Otherwise Lysefjord cruise or relaxed old town is a better use of time. Avoid forcing the hike.	Stavanger	\$450-\$750
14	Sun Sep 26	Trondheim	Fly Stavanger-Trondheim. Easy Trondheim walk, early night. This is a transition day, not a sightseeing push.	Trondheim	\$650-\$900
15	Mon Sep 27	Bodo	Nordland Line Trondheim-Bodo. Keep this as a daytime train - it is your Arctic scenery segment and worth seeing.	Bodo	\$450-\$650
16	Tue Sep 28	Lofoten	Ferry/fly to Lofoten. Settle in Svolvær for easier logistics or Reine for prettier scenery but more effort.	Lofoten	\$550-\$850
17	Wed Sep 29	Lofoten	Guided kayaking day if weather cooperates. This replaces the fjord cruise with a more immersive experience. Keep backup-day flexibility.	Lofoten	\$550-\$900
18	Thu Sep 30	Lofoten	Casual Lofoten day: Haukland/Uttakleiv beaches, villages, short viewpoints. No pressure day. Aurora possible as a bonus.	Lofoten	\$450-\$700
19	Fri Oct 1	Tromso	Fly Lofoten-Tromso. Aurora chase #1 in evening. Choose a tour that actively drives to clearer skies.	Tromso	\$850-\$1,150
20	Sat Oct 2	Tromso	Slow day + aurora chase #2. Keep the schedule flexible so you can chase weather rather than force fixed sightseeing.	Tromso	\$725-\$1,000
21	Sun Oct 3	Tromso	Buffer/rest day. Optional third aurora attempt or cable car. This buffer is what protects your Northern Lights odds.	Tromso	\$450-\$850
Return	Mon Oct 4	Flight	Fly Tromso-Oslo/Europe-Toronto.	Plane	Return included in intl estimate

Cost Summary - CAD for 2 People

Category	Estimated cost	Notes
International flights	\$2,400-\$3,300	Toronto-Oslo, Tromso-Toronto/open-jaw. Book early.
Internal flights	\$1,500-\$2,400	Bergen-Alesund, Stavanger-Trondheim, Lofoten-Tromso.
Hotels/cabins, 21 nights	\$7,200-\$9,800	Breakfast-included wherever possible; Lofoten can be higher.
Food	\$2,400-\$3,200	Hotel breakfast, grocery/snack lunch, reasonable dinners.
Car rental + fuel/ferries/tolls	\$2,100-\$3,000	6-7 day compact SUV/wagon, one-way drop, ferries/tolls.
Trains + local ferries	\$1,000-\$1,600	Flam rail routing, Nordland Line, Bodo-Lofoten access.
Tours/activities	\$1,800-\$3,000	Lofoten kayaking, 2 aurora tours, optional Loen Skylift/Preikestolen/Lysefjord.
Total planning range	\$18,400-\$26,300	Realistic comfort target: about \$23K CAD.

What changed vs. the previous 21-day version

- Removed the required Naeroyfjord cruise to avoid duplicate fjord-view experiences.
- Kept the Flam Railway because it adds a different experience than the driving loop.
- Shortened the road loop by dropping Runde and the Lom overnight.
- Protected 3 nights in Lofoten so kayaking becomes a real part of the trip, not a rushed add-on.
- Kept Tromso at 3 nights to preserve Northern Lights odds.

Casual-hiker notes

- Good fits: Briksdal Glacier walk, Stegastein viewpoint, Loen Skylift top walks, Voringsfossen/Steinsdalsfossen viewpoints, Lofoten beach walks, Tromso cable car.
- Optional only if weather and knees feel good: Preikestolen. It is not technical, but it is rocky and takes several hours.
- Skip for this trip: Trolltunga, Kjerag, long summit hikes, Reinebringen in wet/icy conditions.
